

Grab

This is a trick in which you grab part of your skis with one hand. Simultaneously press **A** and **B** to grab your skis with your right hand. To grab with your left hand, simultaneously press **C** and **Z**.

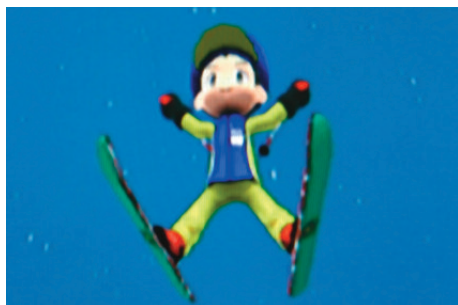

Kosak

This is a trick in which you spread both legs wide while jumping. Simultaneously swing the Wii Remote and Nunchuck down.

Daffy

A trick that makes you appear like you are actually walking in the air. Swing the Wii Remote and Nunchuck up and down in opposite directions. You can start with either the left or the right.

Spread Eagle

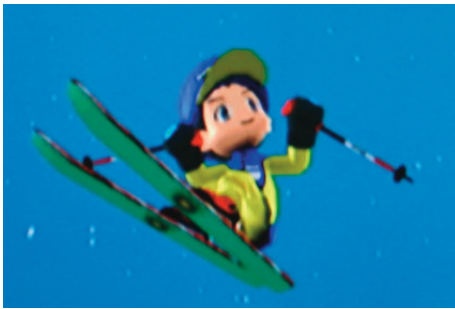

This is a trick in which you spread both legs and arms wide while jumping. Swing the Wii remote and Nunchuck left and right in opposite directions. Adding a little snap to your movements is key.

Twister

This is a trick in which you twist your upper body and lower body in opposite directions. Swing the Wii Remote and Nunchuck left and right together. You can start with either the left or the right.

Spin

This is a trick in which you spin in the air like a top. Tilt the control stick left or right. Tilt the control stick multiple times to perform multiple spins.

Front Flip

This is a cool technique in which you do a forward somersault while jumping. Swing the Nunchuck vertically while pressing up on the +Control Pad.

Back Flip

This is a cool technique in which you do a forward somersault while jumping. Swing the Nunchuck vertically while pressing down on the +Control Pad.

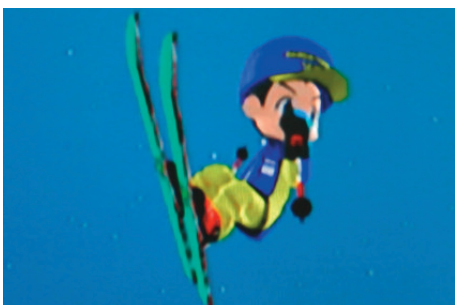

Side Flip

This is a cool technique in which you do a somersault sideways while jumping. Swing the Nunchuck vertically while pressing either left or right on the +Control Pad.

Rodeo

A rodeo is a big air move in which you change the axis of rotation during a back flip. Swing both the Wii Remote and Nunchuck vertically while pressing either up and left, or up and right on the +Control Pad.

Corkscrew

This is the most difficult trick, in which you spin like a corkscrew. Swing both the Wii Remote and Nunchuck vertically while pressing either down and left, or down and right on the +Control Pad.
